Summary

Hi, I am Sobuj. A full-stack developer specializing ReactJs, NodeJs and also NextJs.

I have been developing web applications for more than 3 years. I am very expert in JavaScript because I love it so much. However, I have experience in building scalable multivendor E-Commerce websites, Real-time applications, Food delivery, Courier Systems, Home service, Hospital, University, and many more...

My core strengths include snappily learning new technologies, working singly or as part of a squad, and communicating effectively with specialized and non-technical people. I'm also professed at troubleshooting bugs and chancing results to complex problems.
